IN RE: Application by Carolina Power)
 and Light Company for Approval) ORDER APPROVING
 of Experimental Tariff Schedule) SERVICE AGREEMENT
 LGS-CUR-TOU-69)

On January 10, 1990, Carolina Power and Light Company (CP&L) and Nucor Steel (Nucor) filed a service agreement in the above-captioned docket with the Public Service Commission of South Carolina (the Commission) for approval. The contract between the parties hereto dated December 2, 1981, as amended, would hereby be superseded and would terminate if the proposed service agreement is approved by the Commission and executed by both parties.

The Commission finds that the proposed service agreement between Nucor and CP&L should be approved. The Commission further finds that demand under the tariff and the service agreement between Nucor and CP&L shall be measured and recorded as the average number of kilowatts registered for each fixed fifteen (15) minute interval (4 intervals per hour, the first commencing on the clock hour) during the billing period. The monthly billing demand for purposes of determining the monthly rate shall be the recorded demand for the fixed 15 minute interval during the current billing month that is greater than the recorded demand for any other such
